 The first year was a very
 dry one, and the
 crops were very poor. The
 wheat was particularly
 affected, and the yield was
 very low. The corn was
 also poor, and the
 stock was very thin.

The second year was a
 good one, and the
 crops were very good. The
 wheat was particularly
 good, and the yield was
 very high. The corn was
 also good, and the
 stock was very fat.

The third year was a
 very good one, and the
 crops were very good. The
 wheat was particularly
 good, and the yield was
 very high. The corn was
 also good, and the
 stock was very fat.
